**DOCKET NUMBER L-00000B-04-0126-00000**

On August 25, 2005, the Arizona Corporation Commission (“Commission”) issued Decision No. 68093 which granted a modified and amended Certificate of Environmental Compatibility (“CEC”) issued by the Arizona Power Plant and Transmission Line Siting Committee to the Salt River Project Agricultural Improvement and Power District (“SRP” or “Applicant”).

On April 4, 2008, SRP filed a Motion to Amend Decision No. 68093 to Expand Permitted Corridor Width West of the Pinal South Substation and Request for Expedited Consideration (“Motion”). SRP requests that the existing 1,000 foot corridor be expanded south to Earley Road, for a total corridor width of approximately 3,140 feet. At the Commission’s Open Meeting on April 24, 2008, the Commission voted to consider amending Decision No. 68093 pursuant to A.R.S. § 40-252 to consider the issues raised in SRP’s Motion and referred the matter to the Hearing Division for all future proceedings. Pinal County has intervened in this matter and supports SRP’s request because it would enable SRP to design and locate its Pinal West-Southeast Valley/Browning 500/230 kV transmission line so as to avoid crossing the Pinal County Fairgrounds.

The Commission will conduct a **public comment session** at the Pinal County Fairgrounds, 512 South 11 Mile Corner Road, Casa Grande, Arizona on May 20, 2008, beginning at 7:00 p.m. The public is invited to attend and provide input on SRP’s request.

The Commission will also conduct an **evidentiary hearing** on May 30, 2008 commencing at 10:00 a.m. at the Commission’s offices, 1200 West Washington St., Phoenix, AZ 85007.

The Commission will subsequently vote on the matter at an Open Meeting to be determined, but which may be scheduled for the time and place of the evidentiary hearing. In such event, the Commissioners may vote on the matter at the conclusion of the evidentiary hearing.

### **Information Regarding Intervenor Status**

The law provides for an open public hearing at which, under appropriate circumstances, interested parties may intervene. Intervention shall be permitted to any person entitled by law to intervene and having a direct and substantial interest in the matter. Persons desiring to intervene must file a written motion to intervene with the Commission, which motion should be sent to SRP or its counsel and to all parties of record, and which, at the minimum, shall contain the following:

1. The name, address, and telephone number of the proposed intervenor and of any party upon whom service of documents is to be made if different than the intervenor.
2. A short statement of the proposed intervenor's interest in the proceeding (e.g., a customer, landowner/resident, etc.).
3. A statement certifying that a copy of the motion to intervene has been mailed to SRP or its counsel and to all parties of record in the case.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that all motions to intervene must be filed on or before May 28, 2008. For information about requesting intervention, visit the Arizona Corporation Commission's webpage at <http://www.azcc.gov/divisions/utilities/forms/interven.pdf> The granting of intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other witnesses. However, failure to intervene will not preclude any landowner/resident from appearing at the hearing and making a statement on such customer's own behalf.
