

Dear Property Owner,

On April 4, 2008, SRP mailed a letter to property owners in your area indicating that SRP is requesting approval from the Arizona Corporation Commission (ACC) to widen our permitted corridor for the 500-kilovolt (kV) power line in your area; that letter can be viewed at www.azpower.org/pwsevbob. **The ACC will consider SRP's request to expand the width of the power line corridor in an open meeting that will occur either on April 24, 2008 or April 28, 2008 (at the time this postcard was printed, SRP's item was listed last on the agenda; the item could be heard on April 24th or could carry over to the 28th).**

The hearing will be held at the Arizona Corporation Commission Building at 1200 W. Washington St. in Phoenix beginning at 10:00 a.m. each day.

The ACC calendar can be viewed at www.azcc.gov/Divisions/Administration/Meetings/rf-agenda.asp.

SRP appreciates the opportunity to provide notice of this meeting and any clarification on this proposal. If you have any questions or concerns about this project, we encourage you to call **Janeen Rohovit, SRP Public Involvement** at **1 (800) 380-6123** or **(602) 236-2679**.
